## Sacred Concerts—The Sewer Ordinance Passed—Water Main Extensions—Those Public Parks—A Big Night's Work.

It was just 7:45 when Mayor Scott called the council to order last evening. Only two or three members were absent, and Mr. Cohn, who has returned from his extended visit to New York and other eastern points, was present, he having qualified during the day.

## WATER MAINS WANTED.

L. M. Earl and others asked that work be at once commenced on the extension of the water mains ordered near their premises some time ago. Referred.

## A NEW BRIDGE NEEDED.

John A. Grosbeck and others asked that a bridge the entire width of the street be placed across the North Temple aqueduct on West Temple. They represented that the present bridge was insecure and was unsafe. Referred.

THE SOUTH TEMPLE STREET SIDEWALK. Henry Stringham and others asked that the grade of the city and Jordan canal be changed between Second and Third East streets, between Second and Third East streets, be established. Referred.

## ANOTHER FRUIT STAND.

A Bonabon asked the privilege of erecting a fruit stand on the corner of Second and Third East streets, between Second and Third East streets, between Second and Third East streets, be established. Referred.

Catherine Morris asked relief from a water tax sale. She represented that she was a poor widow and sixty-six years of age. The tax amounted to \$55. Referred.

## ANOTHER FRUIT STAND.

Charles S. Wilkes and others asked that the Salt Lake City and Jordan canal be changed between Second and Third East streets, between Second and Third East streets, be established. Referred.

## FOR INJURIES RECEIVED.

Thomas G. Bywater represented that in November last he was badly injured while working in the city gravel beds by the falling in of a large rock. He would never recover the use of his back, and is compelled to use crutches. He asked to be remunerated in the sum of \$1,500. Referred.

## TO ELIMINATE THE CANAL.

Charles S. Wilkes asked permission to flume a portion of the canal running through block 4, plat B. Referred.

## THE RIO GRANDE RIVER OF WAY.

The Rio Grande Western Railway company asked permission to occupy a portion of Sixth West street, from Second South to Third South, and from Third South to Fourth South, not interfering with Third South street, or wishing to interfere with any street running east or west. In consideration of the privilege asked for, and for the better accommodation, as we deem it, of the traveling public, the petition continues, "and all citizens living in that block, from Second South to Fourth South, Second South street, from intersection with Seventh South street to Third South street, from Sixth to Seventh West." The petition also represented that the citizens living in the block were willing that the request should be granted, and assured the council that the company was quite as liberally disposed to assist in traveling the street in any part of the city as heretofore. Referred to a special committee of five, with the mayor associated.

## MORE LIGHT WANTED.

A number of residents of First East street and Calum road asked that that vicinity be properly lighted. Referred.

## NO GARBAGE WAGONS.

N. Leonard and others asked that a system of garbage wagons be established. Tabled.

## WANT A STREET OPENED.

A. C. Young and L. D. Hardy asked that Eighth South street be opened. Referred.

## PRIVATE WATER PIPES.

F. D. Kelly and others requested the right to lay private water pipes to their residences. Referred.

## TO ABOLISH THE FRUIT STANDS.

Wiscomb & Co., and a large number of others asked that all fruit and candy stands be removed from the public streets. The petition was signed by nearly all the green grocers in the city.

## A COBBLESTONE CROSSING.

A petition to lay a cobblestone crossing across the street from the Hooper & Eldredge building to Johnson, Pratt & Co.'s, was granted.

## SACRED SUNDAY CONCERTS.

The Liberal band asked that it be allowed to give sacred concerts on Sunday evening. Referred.

## OBJECT TO THE LEASE.

O. A. Woolley and seventy-four others objected to the leasing of Washington square. Tabled.

## TO IMPROVE VINE STREET.

C. E. Pomeroy and others asked that Vine street be properly graded and made passable and that certain drains, etc., thereon be removed. Referred.

## TO IMPROVE THE SIDEWALKS.

James Hegarty and others represented that the sidewalks on Third South, between Fifth and Eighth West, and between Sixth and Seventh West, be improved. Referred.

## IN A BAD CONDITION.

Frank H. Dyer and others asked that First West, between Second and Eighth South, be in proper repair. Referred.

## RAILWAY COMPANY FRANCHISES.

The city attorney, to whom had been referred the question as to whether the city had not power to compel the railway companies to put their tracks in better condition, reported, citing the terms under which the Salt Lake & Fort Douglas railway franchise was granted. He also reported that he had been unable to find any franchise of either the Utah Central or Utah & Nevada. He thought the council had full power to compel the Salt Lake & Fort Douglas to comply with the terms of the franchise, and that it also had power to control any other road that ran into or through the city. The ordinance on the matter were ample protection. He recommended that the superintendent be instructed to request the railway companies to comply with the terms of their franchises and the city ordinances on the subject, under penalty of having the ordinances enforced. The report was adopted and the railway companies will be notified accordingly.

## THAT BACK STREET GRADE.

The city surveyor and street supervisor, to whom had been referred the petition of Thomas Wagner and others, asking that the street at Back street, and north of the capital grounds be graded, reported adversely thereon, but recommended that Back street be continued until it shall have been made passable for teams throughout its entire length. Adopted.

## THEY ARE INEVITABLE.

The city surveyor reported that the grade of the street on First South, East and the grade of the street car track complained of a week ago, were practically identical. Adopted.

## WATER MAIN EXTENSIONS.

Recorder Hyams reported that the lists and plans pertaining to local assessments for extension of water mains along the following streets had remained filed in his office for a period of more than ten days: Beginning at a point of connection with the mains at the corner of West Temple and Fourth, South street, and extending westward one block; also that no protests had been received against the extension of the mains on Second West, from North Temple to First North; on First North, from Seventh to Ninth East, and on J street, between Second and Third streets, running south one and one-half blocks, with laterals one-half block east and west on Second street.

## THEIR OFFICIAL BONDS.

The recorder also notified the council that Councilor John, Supervisor Paul and the eleven policemen recently appointed, had qualified in accordance with law. Adopted.

## THE COST OF THE EXTENSIONS.

Superintendent Olinger submitted estimates for the cost of extending the water mains, as follows: On South Temple street, from present terminus between P and Q streets, six and one-half blocks, \$1,500; on B street, north from present main on Sixth street, \$20; on Fourth street, from proposed extension on Fourth street between R and S streets, then south on T street to midway between First and Second streets, \$2,500; on Second West, from First South to midway between Second and Third streets, \$1,500; on Twelfth street, from South Temple street, midway between Third and Fourth South, \$200; on Second South, from between Ninth and Tenth East, to between Tenth and Eleventh, with laterals on Tenth
